**Report of Independent Registered Public Accounting Firm**

To Management and the Board of Directors of  
P.J. Robb Variable Corporation

In our opinion, the accompanying statement of financial condition presents fairly, in all material respects, the financial position of P.J. Robb Variable Corporation (the "Company") as of December 31, 2016 in conformity with accounting principles generally accepted in the United States of America. The statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on the statement of financial condition based on our audit. We conducted our audit of this statement of financial condition in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, and evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

(A wholly owned subsidiary of Crump Life Insurance Services, Inc.)  
**Statement of Financial Condition**  
**December 31, 2016**

---

**1. Organization**

P.J. Robb Variable Corporation (the "Company"), is a wholly owned subsidiary of Crump Life Insurance Services, Inc. (the "Parent"), which is an indirect wholly owned subsidiary of Branch Banking and Trust Company ("BB&T"). BB&T is a wholly owned subsidiary of BB&T Corporation (the "Corporation"). The Company is incorporated in the state of Tennessee and is registered with the Securities and Exchange Commission ("SEC") as a broker-dealer and is a member of the Financial Industry Regulatory Authority ("FINRA").

The Company acts as a retail and wholesale broker-dealer of life insurance and annuity products for various insurance carriers. The Company conducts business on a national basis.

**2. Significant Accounting Policies**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The most significant estimates are related to intangibles, goodwill and income taxes. Actual results could differ from those estimates.

**Cash**

Cash includes funds on deposit with financial institutions that are available for withdrawal on demand.

**Cash Segregated Under Regulation**

The Company had \$200,000 of cash on deposit at December 31, 2016 in a special account for the exclusive benefit of customers.

**Commissions Receivable**

The Company's receivables are from insurance carriers. The Company has reflected commissions receivable arising from the Company's operations on its Statement of Financial Condition. The Company maintains an allowance for adjustments on its commissions receivable. In establishing the required allowance, management considers historical losses, current receivable aging, lapse patterns and current economic conditions.

**Goodwill and Intangible assets**

Goodwill represents the cost in excess of the fair value of net assets acquired (including identifiable intangibles). Goodwill is tested at least annually for impairment during the fourth quarter of each year and more frequently if circumstances exist that indicate a possible reduction in the fair value of the business below its carrying value. The Company measures impairment using the present value of estimated future cash flows based upon available information. Discount rates are based upon the cost of capital specific to the industry in which the Company operates. If the carrying value of the Company exceeds its fair value, a second analysis is performed to measure the fair value of all assets and liabilities. If, based on the second analysis, it is determined that the fair value of the assets and liabilities of the Company is less than the carrying value, the Company would recognize impairment for the excess of carrying value over fair value.

Intangible assets consist of acquired customer contracts and are amortized over their estimated useful life based upon customer retention rates. Whenever events or changes in circumstances indicate that the carrying amount for an asset may not be recoverable, the Company evaluates the asset for impairment. Intangible assets resulting from acquired customer relationships are evaluated in light of actual customer attrition rates and related cash flows to ensure that the carrying value of these intangible assets is recoverable. If an intangible asset is impaired, the asset is written down to estimated fair value. Through December 31, 2016, the Company did not record any impairments related to goodwill or other intangible assets.

Additional information pertaining to intangible assets is presented in Note 5.

**Income Taxes**

Deferred income taxes have been provided when different accounting methods have been used in determining income for income tax purposes and for financial reporting purposes. Deferred tax assets and liabilities are recognized based on future tax consequences attributable to differences arising from the financial statement carrying values of assets and liabilities and their tax bases. In the event of changes in the tax laws, deferred tax assets and liabilities are adjusted in the period of the enactment of those changes, with the cumulative effects included in the current year's income tax provision.

The Company's operating results are included in the consolidated Federal income tax return of the Corporation. The method of allocating Federal income tax expense is determined under a tax allocation agreement between the Company and the Corporation. The allocation agreement specifies that income tax expense will be computed for all subsidiaries on a separate company method, taking into account tax planning strategies and the tax position of the consolidated group.

**New Accounting Pronouncements**

During May 2014, the FASB issued new guidance related to Revenue from Contracts with Customers. The guidance requires an entity to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The guidance is effective for annual reporting periods beginning after December 15, 2017. The Company is currently evaluating this guidance to determine the impact on its financial statements.

**P.J. Robb Variable Corporation**  
**(A wholly owned subsidiary of Crump Life Insurance Services, Inc.)**  
**Statement of Financial Condition**  
**December 31, 2016**

---

**3. Net Capital Requirement**

The Company is subject to the SEC's Uniform Net Capital Rule 15c3 - 1 (the "Rule"), which requires the maintenance of minimum net capital. The Rule requires that the Company maintain minimum net capital equal to the greater of 6 2/3% of aggregate indebtedness or \$250,000. At December 31, 2016, the Company had net capital under the Rule of \$10,204,340 which was \$9,954,340 in excess of its minimum required net capital of \$250,000. The Company's ratio of aggregate indebtedness to net capital at December 31, 2016 was 32%.

**4. Related Party Transactions**

The Company enters into certain related party transactions with the Parent and other affiliated companies. These transactions, which arise in the normal course of business, are summarized below. Receivables from and payables to Parent and affiliates represent amounts due from and to the Parent and affiliate companies and are expected to be settled in the normal course of business. Because of these relationships, it is possible that the terms of these transactions are not the same as those that would result from transactions among wholly unrelated parties.

**Cash**

The Company had \$790,244 of cash on deposit with BB&T at December 31, 2016 that is noninterest bearing.

**Income Tax Receivable from Affiliate**

The Company had \$383,491 in income tax receivable from BB&T at December 31, 2016, presented on the Statement of Financial Condition.

**Payable to Parent**

At December 31, 2016, the Company had a payable of \$443,376 to the Parent, presented on the Statement of Financial Condition. Included in this amount were a payable of \$466,654 for administrative service fees and a receivable of \$23,278 which resulted from unsettled operational amounts.

**5. Intangible Assets**

The Company has intangible assets resulting from customer relationships. The intangible assets have a remaining estimated useful life of 5 years. At December 31, 2016, the gross carrying amount of the intangible assets was \$6,000,000 and the accumulated amortization was \$4,307,499.

**P.J. Robb Variable Corporation**  
**(A wholly owned subsidiary of Crump Life Insurance Services, Inc.)**  
**Statement of Financial Condition**  
**December 31, 2016**

---

**6. Income Taxes**

The tax effects of temporary differences that give rise to significant portions of the deferred tax assets, included on the Statement of Financial Condition, and deferred tax liabilities at December 31, 2016, are presented below:

<b>Deferred tax assets</b>	
Allowance for commission adjustments	\$ 70,090
Agent advances allowance	19,449
Total deferred tax assets	<u>89,539</u>
<b>Deferred tax liabilities</b>	
Intangibles	<u>(621,271)</u>
Total deferred tax liabilities	<u>(621,271)</u>
Net deferred tax liability	<u>\$ (531,732)</u>

The Company has no valuation allowance against deferred tax assets based on management's belief that it is more likely than not that the deferred tax assets will be realized.

The Company did not have any unrecognized tax benefits and did not record or accrue any interest or penalties during 2016 related to unrecognized tax benefits. The Company is subject to U.S. income taxes as well as various state and local jurisdictions. The IRS has completed its Federal income tax examinations of BB&T through 2013. Various years remain subject to examination by state and local taxing authorities.

**7. Fair Value of Financial Instruments**

The estimated fair value of the Company's financial instruments, which primarily consist of cash, receivables, and current obligations, approximates carrying value because of the short term nature of these financial instruments.

**8. Commitments and Contingencies**

At December 31, 2016, management is not aware of any material contingent liabilities and the Company has no material future commitments.

**9. Subsequent Events**

The Company has evaluated subsequent events through February 24, 2017, and has determined there are none requiring disclosure.
